EXPERIENCE

FULL STACK DEVELOPER @ Blanc Labs
Feb 2022 - Present

- Engineered and deployed microservices using **NestJs** and **Typescript**, with a primary focus on enhancing backend scalability, efficiency, and performance.
- Architected and developed a user-centric PoC mobile app with **React Native**.
- Implemented responsive front-end interfaces with **VueJs**, improving user satisfaction.
- Designed and optimized databases for efficient data storage and retrieval.
- Ensured **HIPAA** compliance by working with **Smile CDR** and adhering to **FHIR** standards.
- Created thorough documentation of work for future reference and onboarding.
- Collaborated with the DevOps team to debug and enhance the pipeline for continuous integration and deployment.
- Onboarded new team members, introducing 4 team members to the project architecture and infrastructure.

BACKEND DEVELOPER @ Redbee Studios
Apr 2021 - Feb 2022

- Developed efficient and scalable microservices utilizing **NodeJs** and **Typescript**.
- Developed microservices with **Kotlin**.
- Automated testing processes with **Cypress**, resulting in a reduction in testing time and improved product quality.
- Orchestrated CI/CD pipelines with **Jenkins-Docker-Portainer**, streamlining deployment processes and reducing deployment time.

FULL STACK DEVELOPER @ Simple Solutions
Aug 2020 - Apr 2021

- Enhanced user experience and functionality of a **React Native** App through continuous development, maintenance, and feature improvements.
- Serverless API Development with **Node** Js.
- Created a **Python**-based Bot, automating repetitive tasks and reducing manual workload in 50%.
- Integration with google cloud platform.
- Web development for clients.

SKILLS

Backend: Nestjs, Typescript, Node, Express, Golang.
FrontEnd: React, Redux, Vue, Vite.
Database: Sql, NoSQL.
Mobile: React Native, Expo, Expo Router.
Cloud: AWS, GCP, Heroku, Mongo Atlas, Planet Scale.
Infra: Docker, Jenkins.

EDUCATION

Associate's Degree In Computer programming
Dec 2022 • Teclab

Fullstack Developer
Mar 2021 • CoderHouse

CERTIFICATIONS

2022 • AWS
Certified Cloud Practitioner

2023 • Epic React by Kent Dodds
Advanced React

2021 • FreeCodeCamp
JavaScript Algorithms and Data Structures

2020 • CoderHouse
Javascript and Web Development

LANGUAGES

- **Spanish** - Native
- **English** - Proficient
